Parents/Guardians must carefully consider the information provided to them and the Cadet's personal circumstances and then consider if participation in this activity is in the best interest of their Cadet, despite the implementation of risk controls.</i></p> <p><i>Procedures and work practices may have changed since the cadet's last attendance and they should liaise with the OIC of Activity or Unit Commander prior to attending the activity.</i></p>

In the event that their cadet is participating in a catered activity, then the parent/guardian may choose to provide, at their own expense, sufficient food to cover the duration of the activity.</i></p>
